

## **"My Family Trip to Sequoia National Park"**

**By Olivia Abraham**

Last spring break, my family went to Sequoia National Park and it was an amazing trip. My family members are my Dad, Mom, and my two younger sisters, Aria and Alicia. The weather was supposed to be a little cold so we packed jackets. The road trip was so fun. We played games and sang songs. After four hours on the road, we finally got to Sequoia National Park! The park was so beautiful. We saw giant redwood trees. We went to a hotel and went to our room. We took a shower, went to have dinner and took a walk outside. Then we went to sleep.

The next morning my family and I decided to take a walk in the forest. We saw a tree that was lying down and my Mom and Dad said "We should walk inside of it. My sisters and I were a little scared, but we walked inside. The tree was not bad. The tree was beautiful. We could hear the squirrels eating their nuts. We also could see and hear the woodpecker pecking the tree. The food there was so delicious. The food we had was juicy bacon cheese burgers and crunchy fries.

We finished our trip with a couple days at Pismo Beach before heading home. The trip helped me understand California's beauty and made me appreciate quality time with my family.
