

Black Pages

by Sofia D. Nowell Palacios

Blank Pages

Blank pages. Scary.
The feeling of not knowing what to write
Or what to say to convey the Thought,
the idea,
the feeling.

Alas, we all suffer from it
Some more than others
But even with the blank walls crashing upon us
We break

Through
And it the crashing walls with:
Our Thoughts, Ideas, and Feelings.
Until they're no Longer
White
But a multitude of color
